Regulations of the General Shareholders' Meeting.

2. All shareholders, including dissenters and those who have abstained from voting or who have not attended the meeting, are subject to the resolutions passed by the General Shareholders' Meeting, without prejudice to their rights (including the right of separation or to challenge said resolutions) that they may be entitled to pursuant to the law and these By-Laws.
3. The General Shareholders' Meeting shall not give any instructions to the Board of Directors or submit to its consideration the adoption of management-related decisions or resolutions by the Board of Directors.

Article 11. Convening notice of the General Shareholders' Meeting

1. The General Shareholders' Meetings shall be called by the Board of Directors.
2. The General Shareholders' Meetings may be Ordinary or Extraordinary. Ordinary General Shareholders' Meetings must be held within the first six months of each fiscal year, upon prior call for the meeting, in order to approve, as applicable, the business management, the previous year's annual accounts and to decide on the distribution of income of the prior fiscal year. The Ordinary General Shareholders' Meeting shall be valid even if called for or held beyond such term.
3. The General Shareholders' Meeting may be held in the municipality where the Company has its registered office or in the municipality of Bilbao. If the convening notice does not indicate the place to hold the meeting, the General Shareholders' Meeting shall be deemed to be convened at the registered office.
4. The General Shareholders' Meeting may also be held solely online, without physical attendance by the shareholders or their representatives, when this is allowed under applicable regulations and the conditions stipulated therein are met, and in such case it shall be deemed to have taken place at the registered office.

General Shareholders' Meetings can only be held exclusively online if the identity and entitlement of the shareholders and their representatives can be duly guaranteed and if all the parties attending can effectively take part in the meeting via the remote communication means allowed at each given time under applicable regulations in terms of exercising in real time their right to speak, request information, make proposals and vote, as appropriate, and that they can listen to the interventions of other attendees by said means, in light of the state of the art and the Company's circumstances, particularly its number of shareholders.

5. Both Ordinary and Extraordinary General Shareholders' Meetings shall be called at least one month prior to the date set to hold it through an announcement published in the Official Bulletin of the Commercial Registry (*Boletín Oficial del Registro Mercantil*) or in one of the most widely circulated daily newspapers in Spain, the website of the Spanish Securities and Exchange Commission (*Comisión Nacional del Mercado de Valores*) and the Company's website (to remain accessible continuously at least until the General Shareholders' Meeting is held) or, as the case may be, in the manner and with the prior notice established by the applicable legislation from time to time. The Extraordinary General Shareholders' Meeting may be called only fifteen days in advance when and as required by law.

6. The convening notice shall contain, at least, the name of the Company, the place, date and time of the meeting on first call and, as applicable, the place, date and time of the meeting on second call (there must be at least 24 hours between the meetings held on first and second call); the agenda containing all items to be analysed, the position of the person or persons making the call and, as required by law, the right of shareholders to examine at the registered office and, as the case may be, to obtain immediately and free of charge, the documentation to be submitted to the approval of the meeting and the reports established by law, stating the place and method to obtain the complete text of documentation and proposals of resolution, as well as the indication of the Company's website where such information shall be available. The convening notice shall contain the date on which shareholders must register shares as their own in order to attend and vote in the general meeting, as well as clear and accurate information on the procedures to be performed by shareholders to attend and vote in the General Shareholders' Meeting. The convening notice can also stipulate that the General Meeting is to be attended by video conference or any other online system that enables the recognition and identification of the attendees and permanent communication among the participants, in which they are able to speak and to issue their votes.

In addition, when the General Shareholders' Meeting is to be held solely online, the convening notice shall state the reasons that support the decision to hold the meeting in this way and shall provide instructions about the procedures and steps to be taken to register and create the list of attendees so that such parties can exercise their rights and the matters discussed at the General Meeting can be properly recorded in the minutes.

7. For all types of General Shareholders' Meetings, from the date of publication of the convening notice, the Company's website shall publish, apart from the convening notice, all the documents to be made available on a continuous basis to the shareholders pursuant to law and the By-Laws.

Article 12. Attendance and representation rights

1. All shareholders appearing as holders in the appropriate accounting record of registry book entries at least five days before the date of the meeting may attend such meeting. This may be evidenced

through the appropriate letter of attendance, delegation and voting, by means of a certificate issued by any of the entities legally authorised for that purpose or by any other means admitted by Law.

2. General Shareholders' Meetings may be attended by going to the venue where the meeting is to take place or, if agreed upon by the Board of Directors, by connecting remotely using video conference or other online systems that the Company places at the shareholders' disposal in accordance with the terms herein. These systems must enable the recognition and identification of the attendees and permanent communication among the participants, as well as the ability to speak and to issue their votes.
3. Any shareholder entitled to attend the meeting may be represented by another person, whether or not such party is a shareholder, meeting the requirements and formalities established by Law, these By-Laws and the Regulations of the General Shareholders' Meeting. The representation shall be granted in writing and, if not recorded in a public deed, it shall be granted specifically for each meeting. Such representation shall encompass all of the shares owned by the shareholder being represented and must detail the representation powers granted and the identity of both the party represented and their representative. The representative shall advise the shareholder about any conflict of interest pursuant to the applicable legislation.
4. If the representation status is granted via remote means of communication, it shall only be deemed valid if the letter of attendance, delegation and voting is delivered by hand or sent by post or email, duly signed and filled out in accordance with the terms herein and in the Regulations of the General Shareholders' Meeting. If the representation status is granted by electronic means, said letter must bear an electronic signature or be signed by some other method authorised by the Board of Directors and deemed adequate to ensure the identity of the shareholder exercising this right and the authenticity thereof. The Board of Directors may also implement the provisions above with reference to the representation granted by remote means of communication.
5. Representation may be revoked at any time. Representation shall be deemed revoked if the represented shareholder attends the meeting in person or by online means.
6. The entities that are legitimate shareholders pursuant to the accounting registry book which act on behalf of different persons may divide the vote and cast opposing votes in compliance with the different voting instructions, as appropriate. These intermediary entities may delegate the vote to each indirect holder or to the third parties appointed thereby, without limiting the number of delegations granted.
7. In any case, the number of represented shares shall be computed to validly meet the quorum to

hold the General Shareholders' Meeting.

8. Members of the Board of Directors shall attend General Shareholders' Meetings. If the meeting can be attended online, the members of the Board of Directors may attend the meeting via the system set up for this purpose. In addition, the Chairman of the Board of Directors may invite to the General Shareholders' Meetings officers and any other persons deemed appropriate due to their interest in the favourable development of corporate matters. However, their failure to attend shall not be considered for quorum purposes.
9. In addition, the Board of Directors shall be able to regulate procedural matters such as the applicable procedure and rules for exercising shareholders' rights, how early they must connect to online General Meetings to be considered present, how far in advance shareholders that are to attend the meeting online must send their interventions and proposed resolutions, the identification requirements that remote attendees must meet and the impact on the system for creating the list of attendees. In all cases, any implementing rules approved by the Board of Directors for these purposes must be published on the Company's corporate website.

Article 12 bis. Voting rights.

1. Shareholders entitled to attend meetings may issue their votes on proposals relating to the items of the agenda of any General Shareholders' Meeting by either of the following means:
 - (i) Directly, at any General Shareholders' Meeting they attend in person or online. If attending online, the vote must be issued according to the procedure and in the terms stipulated by the Board of Directors in this regard, with the aim of equipping the electronic voting system with adequate guarantees of authenticity and identification of the shareholder exercising the vote.
 - (ii) By sending a duly signed and filled out letter of attendance, delegation and voting, delivered by hand, by post or by email, which must include the voting form issued by the Company to shareholders for this purpose. If sent by electronic means, said letter must bear an electronic signature or be signed by some other method authorised by the Board of Directors and deemed adequate to ensure the identity of the shareholder exercising this right and the authenticity thereof.

The Board of Directors shall be entitled to implement the provisions above as regards the exercise of shareholders' voting rights, and may establish other means of voting in writing, provided that said means make it possible to duly verify the identity of the shareholder exercising the right.

2. Votes issued in the manners indicated above shall be deemed valid as long as the Company receives them within the deadline established to this effect in the call to the corresponding General Shareholders' Meeting. Any other votes shall be deemed as not issued.
3. Any shareholders that issue their votes in the terms indicated herein shall be considered present at the corresponding General Shareholders' Meeting for the purposes of establishing quorum. Therefore, any proxy powers granted previously shall be revoked for these shareholders and proxy powers granted subsequently shall also be deemed invalid.
4. However, any votes issued in advance of the meeting shall be rendered null and void if the shareholder issuing them attends the meeting in person or online.
5. The terms of this provision may be implemented by the Board of Directors, which may establish rules, instructions, methods and/or procedures for instrumenting the issuance of votes by remote communication means, at all times adapting to the state of the art, to applicable legislation, to the terms of these bylaws and to any other internal regulations that may apply. In all cases, any implementing rules approved by the Board of Directors for these purposes must be published on the Company's corporate website.

Article 13. Holding of meeting and adoption of resolutions

1. The General Shareholders' Meeting shall be validly held on first call if shareholders being present, either in person or by proxy, hold at least twenty-five percent of the subscribed share capital with voting rights. The General Shareholders' Meeting shall be deemed to be validly held on second call regardless of the shareholders attending it. Each share with voting rights or represented by a proxy at the General Shareholders' Meeting shall be entitled to one vote.

When the items to be resolved refer to the increase or reduction of share capital and any other amendment to By-Laws, the issuance of notes (where appropriate, provided it is within the competence of the General Shareholders' Meeting), the removal or limitation of the pre-emptive right regarding new shares, as well as the transformation, merger, spin-off and overall assignment of assets and liabilities, and the change of address to another country; the attendance on first call of shareholders, either in person or by proxy, holding at least fifty percent of the subscribed share capital with voting rights shall be required. On second call, the attendance of twenty-five percent of such share capital shall suffice.

The General Shareholders' Meeting shall be deemed convened and validly held to discuss and resolve any issue whenever the total share capital is present and attendees unanimously agree to hold such meeting.

2. The general meeting shall vote separately those matters that are significantly independent. In any case, even though appearing in the same item of the agenda, the following issues shall be voted separately: a) the appointment, ratification, re-election or removal of each director; b) with regard to any amendment of the By-Laws, the amendment of each article or group of articles which are autonomous; c) if separate voting is mandatorily established; and d) as applicable, the matters required to be voted separately pursuant to these By-Laws.
3. In general, resolutions shall be adopted by the simple majority of the votes of present or represented shareholders; a resolution shall be deemed adopted if obtains more votes y favour than votes against from present or represented shareholders.

Notwithstanding the above, for the General Shareholder's Meeting to resolve validly on the increase or reduction of share capital and any other amendment of the By-Laws, the issuance of notes (if within the competence of the General Shareholders' Meeting), the removal or limitation of the pre-emptive right regarding new shares, as well as the transformation, merger, spin-off and overall assignment of assets and liabilities, and the change of address to another country, the following shall be required: (i) on first call, the absolute majority of shareholders present, either in person or by proxy, holding at least fifty percent of the subscribed share capital with voting rights, and (ii) on second call, the favourable vote of two thirds of shareholders present, either in person or by proxy, representing twenty-five percent or more of the subscribed share capital with voting rights, without reaching fifty percent.

In addition, for the Ordinary General Shareholders' Meeting to validly agree to reduce the term required to call an Extraordinary General Shareholders' Meeting, the favourable vote of at least two thirds of subscribed share capital with voting rights shall be required.

Article 14. General Shareholders' Meeting authorities

1. The General Shareholders' Meetings shall be chaired by a Chairman, with the assistance of a Secretary, who shall hold the powers granted by Law.
2. The Chairman of the General Shareholders' Meeting shall be the Chairman of the Board of Directors or, otherwise, in the case that they have been appointed, the Vice-Chairmen of the Board of Directors in their order, and, if this is not predetermined, depending on the seniority in the office of director of the Company.
